

240 TONNER GENERATOR HAULAGE

In the third week of August 2019, TEAMLIFTING successfully transported heavy cargo (13m x 3.5m x 4.5, 240tons) from Dhahran and delivered to SDEH(Siemens Dammam Energy hub) in Dammam 2nd Industrial city. We engaged our conventional 12axle lines hydraulic trailer(GOLDHOFER THP/SL, 45tons/ axle line) and Mercedes Actros prime mover for haulage.
