Aertssen Transport & Logistics NV

Company Presentation

Aertssen Group

Aertssen Transport NV and Logistics NV are members of the Aertssen Group, 100 % owned by Aertssen family.

With over 1500 staff worldwide spread across its various departments and its state-of-the-art machinery, the Aertssen group has made a name for itself in a number of specialized fields.

Each department operates as an autonomous company with its own field of specialization: Industrial engineering, large-scale excavation works, hoisting projects, technical and logistical services, warehousing, exceptional transport, renewable energy and real estate.
