Leaders in Quality Logistics Solutions

Tailored Services for your business - ONE STOP SHOP

EGL is more than just a service provider as we are active players in Logistics, shipping, and Warehousing of container, breakbulk, and project cargo in Egypt and Tunisia.

EGL presents turnkey projects with end-to-end solutions in project management.

EGL History

- EGL was established in 1999, following the success story of the parent company Kadmar Shipping Co. founded in 1983 by Admiral Mahmoud Hatem El-Kady.
- The group started with 4 employees, and currently, we have over 400 experts working within KADMAR GROUP.
- Admiral El-Kady is a well-known figure in the maritime industry in Egypt and the Middle East. He is the chairman of the Arab Federation of Chambers of Shipping and the founder of the Alexandria and Egyptian Chambers of Shipping.
- Eng. Medhat El-Kady is the Managing Director. He is a member of the Baltic Exchange, BIMCO, FONASBA, IATA, and FIATA. Presently he is the chairman of the Egyptian Freight Forwarders Association, a board member of the Alexandria Chamber of Shipping, treasurer of the Alexandria Business Association, and a board member of the Land and Maritime Transport Holding Co. which owns 4 container terminals, stevedoring companies, and about 40 companies operating in public freight, passenger and sea transport in Egypt.
- Eng. Medhat is also a member of the Egyptian Ports Planning Team and the National Railway Privatization Planning Team in Egypt and serves as a consultant and leading speaker in the field of maritime and logistics in the region.

About EGL

Vision

Our vision is to become a top integrated logistics company in the region

Mission Statement

- Our company-wide continuous improvement process is based on our commitments to our customers, our passion for innovation, and our firm belief in economic, ecological and social sustainability.
- Contributing to the Egyptian international sea, air and land trade.
- Contributing to the Egyptian government social strategy by generating an employment force.
- Understanding the customer and their needs.
- Implementing fully integrated logistics and transport solutions.
- High commitments to all environmental aspects in all services provided by EGL.
- Offer our colleagues a sustainable personal growth and motivation system.
- Maintaining the status of a useful and socially responsible organization.
