MODPACKGROUP

Oversized Export Packing & Skidding

- Suitable for heavy and oversized equipment (15–100 tons)
- Open skids and closed cases with reinforced load-bearing
- Timber, plywood, and OSB construction
- Combined skid and shrink wrap for enhanced protection
- Designed for sea, air and land transport
- Built to international standards (ISPM 15, MIL-SPEC, ASTM, BS1133, HPE)

Wooden Boxes, Crates & Custom Packaging

- Plywood cases for sensitives, valuables or multi-components
- Wooden crates for cost-effective transport solutions
- Custom-built to any size and specification
- ISPM 15-certified materials with full traceability
- Options for waterproofing and foil barrier protection
- Delivered assembled or flat-packed for flexibility

Returnable Packaging & Support Systems

- Reusable and returnable crates for repeated use
- Ideal for exhibitions, events, and logistics cycles
- Collapsible designs with custom branding options
- Heavy-duty locks, wheels and internal compartments
- Engineered saddles for pipes, tanks and curved equipment
- Secure mounting systems for safe transport

Protective Export Packing Solutions

- Shrink wrap protection against moisture, UV, contamination
- VCI technology to prevent corrosion on metal surfaces
- Aluminium barrier foil for extreme climate protection
- Hermetically sealed packaging with controlled humidity
- Desiccants used to eliminate residual moisture
- Clean, dry and damage-free equipment ensured
